# PCL Signature Order Instructions

To create a signature font we need a **printed copy of this order form**. Do not email this form to us. Sign this form **inside** the box and mail, FedEx, UPS, or DHL this original form to us. All signature orders must be prepaid. **We do not accept purchase orders** for signature fonts. To order, follow the steps below.

**Step 1:** Print several copies of the order form page. **Before filling out the form**, practice signing your name(s) inside the box. Use a very fine tip felt pen or an ink pen that does not skip. Pick the best looking signature and use that page in the steps below. No part of your signature may touch or cross the lines that make up the box.

**Step 2:** For a single signature the cost to convert that to a font is \$149. To print two signatures at once, both parties must sign inside the box and the cost will be \$199. If the font must print three signatures at once, then all parties must sign inside the box and the cost will be \$259. Multiple signatures print all at once, at exactly the same size as you signed them.

**Step 3:** Normal processing time is **7 – 10 business days** after receipt of the order form and payment. If you are in a hurry, you can add \$50 to the cost for **rush service**. Check the box on the order form for this. This will cut processing time to 2 – 3 business days.

**Step 4:** Select the type of return shipping you want. Email is the fastest way to receive a signature. If you select email, make sure you **white list the domain barcodingfonts.com** in your spam filter or firewall. The download link email will come from this domain. You can select both email and physical delivery together to receive a download and back up CD.

## Step 5 Options:

**Line under signature.** We can create a line under your signature. Check this box and include an extra \$30 for each line we add. (2 signatures need 2 lines = \$60.)

**Title next to signature.** We can add a title below your signature. Check this box and include an extra \$50 for each title we add. (2 signatures need 2 titles = \$100.)

**Resize a signature.** If you can not sign in the one inch tall box, you can sign on a separate piece of paper and have us resize the signature to fit the available 1 inch height. Check this box and include an extra \$35 for this service.

**Modify an existing font.** If you must use a specific font file, you can send a copy to us and we can replace the old signature in it with a new one. Check this box and include an extra \$25 for this service.

**Specify selection string.** If your application must send a fixed command string to the printer to select your signature, we can match that command. Check this box, type out your selection string, and include an extra \$35 for this service.

**Specify starting selection character.** If your application sends a specific character to the printer to print your signature, we can match that character. Check this box, specify your starting character, and include an extra \$35 for this service.

**Step 6:** Fill out the payment information section and the contact information sections of the form. Please fill out all fields so we can contact you in case of a problem.

**Step 7:** Send us the form, along with your payment via mail, UPS, FedEx, or DHL to:

**Elfring Fonts Inc.**  
4N899 W Mary Dr  
St Charles, IL 60175

**Review:** Please make sure all your information on the order form is legible!
